Portable is now
MORE POWERFUL

Brady portable printers

Your job. You take pride in it and recognize its importance. Even more important is **how** you do your job, because performance is everything.

To do your best, you need the best tools. Tools that make your job easier and more efficient. If you're a contractor, you're looking for rugged, handheld tools that print on the go. Lab techs, on the other hand, look for equipment and materials based on environment: chemicals, cryogenic or sterilization. If you're in the shop, you need something else — a dependable workhorse to print labels day in and day out.

At Brady, we understand what you need to get the job done. And why it's important you get the right identification, where you need it, in the easiest way possible. We can get you there.

With three different series of portable printers, you can choose the tool that's best for your job — one that's dependable, durable and designed for you.

BRADY®

Table of contents

GET THE JOB DONE RIGHT
on any jobsite

Tough, dependable label printers designed to withstand the rigors of field jobsites.

M210 Label Printer

Designed for the toolbox, the M210 has the features and functions to tackle your daily tasks with ease.

M211 Label Printer

Design, preview and print – all from your phone. Simple and intuitive, the M211 is built for the jobsite, running all day on a full charge while resisting drops, shocks and crushes.

M410 Label Printer

Specifically engineered for premium 1" printing, the M410 is an everyday workhorse for DataCom and electrical professionals.

BRADY

Workspace series

High-performing, small footprint label printers designed for stationary workspaces.

M210-LAB Label Printer

Stay prepared for harsh lab environments with the M210-LAB. Kick out continuous labels with confidence as you quickly take on your toughest lab jobs.

M510 Label Printer

The perfect companion for your project workspace, the M510 delivers high-volume, high-quality labels day in and day out. Whether you're in a lab or facility, this printer works as hard as you do.

M511 Label Printer

The M511 works the way you need to with bigger messages and edge-to-edge printing. Design and print from a phone, tablet or PC, connecting up to 5 devices at a time.

Flex series

The most technologically advanced label printers that can flex between field jobsites and stationary workspaces for unparalleled versatility.

M610 Label Printer

Rugged in the field, dependable in the shop, the durable M610 handles your toughest industrial applications – wire, cable, component ID – fast and efficiently.

M611 Label Printer

The M611 works where you do, using Bluetooth and Wi-Fi connectivity to modernize workflows. That means you can access files in emails, share data with team members in different locations and print on demand anytime, anywhere.

M710 Label Printer

Fast and flexible, the M710 is your tool for seamless label creation from the shop to the field. Print on the toughest materials around with extra durability from a Li-ION battery that lasts all day long.

READY FOR
ANY JOBSITE

As a contractor, you've got dependability in mind, so you need a printer that's tough and works quickly — all at a great value. Choose from three models with convenient features to fit your fast pace.

M210 Label Printer

Take on your toughest on-site labeling challenges to get the job done right. With smart automatic formatting, all you need to do is drop in a label cartridge, type and print.

M211 Label Printer

Optimized for mobile so you can seamlessly design, view and print labels with the Express Labels Mobile App. Design on screen. Print on demand. Label on site. This tough, compact labeler belongs on any jobsite.

M410 Label Printer

Power through whatever the job throws at you. From easy-to-use onboard menu options to auto label setup with edge-to-edge printing, its jobsite ready for DataCom and electrical professionals.

BRADY.

MEET THE DEMANDS OF ON-SITE LABELING

BRADY®

Add-ons that maximize functionality and convenience

Belt Clip & Utility Hook

For hands-free transport

Easily attach your printer to your tool belt, cart, rack or bucket organizer with a Belt Clip or Utility Hook

Magnet

For hands-free operation

The Magnet accessory offers a convenient option to attach your printer to panels, I-beams and any other magnetic-receptive surface

Power Brick

For power on the go

Use the high-capacity Power Brick for your printer, phone or tablet to keep everything running smoothly

Rechargeable Battery Pack

For longer battery life

Work longer and with cordless printer operation with the rechargeable battery packs

Hard Case

For printer protection and storage

Protect your printer from impacts and dust during transport; and keep accessories and label cartridges on hand and organized.

SOFTWARE SOLUTIONS
THAT MAKE YOUR JOB EASIER

Our software options move productivity forward by reducing manual input, and automating and simplifying processes. Whether you need to create labels on your desktop computer or complete an inspection using your mobile device, Brady has the software solution that meets your needs.

KEY FEATURES

Software suites

Choose from thoughtfully selected, job-specific labeling suites

Premade templates

Get customization tools, graphic libraries and intuitive label guides

Label on or off site

Go mobile and label on demand where and when you need it

Maximize efficiency

Fast, accurate label creation – plus bundling discounts – is time and money back

BRADY

Express Labels Mobile App

Label creation, just a tap away

► Preview labels before printing, ensuring no labels are wasted

► Visual design guides simplify advance label creation for wraps, flags, breaker boxes, patch panels, safety labels and more

► Save and share labels to eliminate time creating new labels from scratch

Brady Workstation Desktop Software

All you need to create the right label fast

► Automation, importing, templates, customization tools and dedicated customer care all in one software suite

► The Premade Editable Labels feature lets you print common labels custom-worded to your needs quickly

► Streamline workflows by installing the software on multiple PCs in a plant, making it easier to print pre-created templates

Software Development Kit (SDK)

One simple integration to print from your software

► Employees can use their own Android or iOS web-based software apps to print labels for a seamless way to get data to a Brady printer

► The SDK Library connects, retrieves, monitors and supports data for faster and more efficient workflows

► A versatile technology that can be used with select Brady Bluetooth-enabled printers

► **Scan to learn more about our software solutions or visit bradyid.com/software for more information.**

THE RIGHT LABEL
from the right partner

Driven by industry-leading technology

Our portable printers work hard behind scenes so you can work seamlessly. Driven by smart technology, they communicate with label materials and software for smoother label setup and printing. That means they automatically recognize and adjust to material size, type, color and quantity for ultimate compatibility. Simple and intuitive, our portable lineup practically runs itself.

Your time- and cost-saving benefits include:

DECREASED SETUP TIME

FEWER LABEL ERRORS

COMPLIANT LABEL CREATION

REDUCED MATERIAL WASTE

Get the job done right on any jobsite

Optimize your performance with Brady materials

STANDARD MATERIALS
► Get the job done with over 50 high-performance materials and 1300+ label options across all portable printers.

BULK BOXES*
► Save more by buying in bulk: more than 14 materials and 110+ label options.

CUSTOM* OPTIONS
► Have specific needs? Enjoy unlimited custom label options in 60+ different materials.

* Bulk and custom labels for Flex series only

BRADY

Enjoy a more premium labeling experience with optimized Brady Authentic materials

Authentic materials work seamlessly with Brady printers to produce enhanced performance and reliability you just don't get with materials from the "other guys." Get authentic. Get better with Brady.

Material compatibility

It's all here — all the details that help you make the best decision for your work. Use this chart for an easy and quick comparison of the features and functions that matter most to you.

Materials that perform

All-Weather
Get extra durability outdoors and in tough, industrial workspaces. Choose labels that are reflective or resist UV light, chemicals, salt spray and cleaners.

Electrostatic Dissipative
Use high performance, low profile labels with static dissipative adhesive for machine readable applications, circuit boards and electronic components.

Flags
Create easy-to-read, permanent identification for wires and cables or to track assets in labs and manufacturing environments.

Glow-in-the-Dark
Use high luminance labels to communicate safety in low-lit areas. Make exits, stairwells and evacuation routes clear to visitors and employees.
Heat Shrink
Choose industrial grade, heat-shrinkable sleeve labels for long lasting wire and cable identification. Built to Naval Air Systems Command (NAVAIR) and industry-specific standards.

High Temp Resistant
Durably designed to withstand extreme temperatures making them suitable for applications in electronics, aerospace and industrial settings.

Laboratory
Ensure lab samples remain legible, scannable and trackable in every extreme process: cryogenic, staining, solvents and processing fluids.

Metallized
Use professional metallic-looking labels for rating plates, name plates and general identification of industrial products.

Materials that perform

Multi Purpose
Rely on white or clear labels for just about any industrial application involving high and low temperatures, harsh environments or regulatory specifications, including low-halide. Choose from various adhesion types: standard, high adhesion, ultra-high adhesion or repositionable.

Paper
Use low cost, smear-resistant and dissolvable paper labels for identifying just about anything in labs or industrial settings.

Tags/Inserts
Get added durability from tags engineered for extreme temperatures and abrasion. Use to wrap wire or cable bundles in patch panels and outlets.

Tamper Evident
Ensure product and sample integrity with tamper-evident labels. Choose from labels that fracture easily, leave a VOID footprint or destruct upon removal.

Unique Materials
From labels adhering to VELCRO® to durable, raised identification for switches, and even magnetic labels - Brady has you covered.

Washdown Resistant
Choose specially-constructed labels built to outlast the harshest washdowns. Ideal for food and beverage processing.

Wrap Around
Protect important wire and cable ID using labels with a clear laminating barrier. The clear vinyl resists abrasions and chemicals while keeping the white printable area intact.

BRADY

We make products that make the world a safer and smarter place. From the depths of the ocean to outer space, from the factory floor to the delivery room — **we're just about everywhere you look.**
