

The background of the advertisement features a vibrant, abstract molecular structure composed of glowing spheres in shades of blue, purple, and pink, connected by thin, translucent rods. A large, circular, metallic-looking frame is positioned in the upper right, containing a collection of various chemical bottles and containers. The bottles vary in size and color, including brown, grey, and white, all with red caps. Some labels are visible, such as 'thermo scientific' and 'Silicone oil, for oil baths, stable range from -40 to +200 °C'.
