Safety

Protecting What Matters Most

Logo/Customization

Apparel and PPE

Logo'd gear helps promote safety within you all areas of your facility as well as outside of it; your employees can be quickly identified in crucial moments to ensure not only ensure their personal safety, but that of fellow employees.

About

OccuNomix can logo a wide selection of the products we offer including vests, t-shirts, sweatshirts, jacket, parkas, hard hats and much more. Our custom imprinting services offer these processes: flex heat transfer, reflective heat transfer, and glow heat transfer. Once you select a product, all we need is your logo. Our complete services include artwork layout and preparation through individual bagging and shipping to your location.

We are a one-stop shop of customizable services designed to make your life easier. Our team will guide you through each step of the process and get you what you need to create a safe work environment.

Key Benefits

Our custom imprinting services are designed to help you promote personal safety:

- Logo'd gear that permits quick identification of personnel
- PMS matching services ensures your brand integrity
- Garment personalization promotes safety and personal pride
- All logo services performed in the US (shipping to all fifty states and Canada)
