Safety

Protecting What Matters Most

## Logo/Customization

### Hard Hats

Bullard can customize any of our hard hat styles with your company's logo or artwork and add Scotchlite™ stripes or other custom features that help you reinforce your brand as well as promote employee and facility safety.

### About

Bullard has been a leader in head protection for over 120 years—ever since our founder, E.W. Bullard, invented the hard hat in 1898. Our hard hats are engineered to deliver premier performance, comfort, quality, and durability. The safety of American workers has always been our primary mission.

Adding a logo enhances corporate identity, promotes teamwork, and demonstrates your commitment to safety. No one makes this process easier or quicker than Bullard and our Logo Shop.

### Key Benefits

The Bullard Logo Shop not only provides the highest quality printing using pad printed technology that does not peel, crack, or fade, but also offers:

- Selection of hard hat styles and colors
- Pad printing technology in six vivid colors on eight hard hat locations
- Quick turnaround time and fast delivery
- No hidden charges; no set-up fees or artwork charges
- A 20-piece minimum order is required for customer logo work
- BuildYourBullard.com online tool that allows you to create, review, and approve your proof
